

# 2019 *Year in Closing*

DENVER METRO  
ASSOCIATION OF REALTORS®

This year, we secured an **affordable healthcare** option, **renovated** our Douglas Elbert Office and distributed nearly **5,000 FREE** SentiLock electronic Lockboxes!

*You  
deserve it.*

Our first-ever **Wired Summit** was a smashing success, thanks to your enthusiastic participation,

and we were the single largest contributor to defeat the harmful **Right to Survive** legislation, thanks to your support.

Together we raised over **\$176,000 for RPAC** and elected **27** of the **34** candidates we endorsed.

You also kept in touch, helping us reach **2k followers** on Instagram, & **5k likes** on Facebook.

You made education a priority. **5k** of you attended over **180** DMAR classes.

Let's not forget how you helped us fill **10 trucks** on our E-Waste Recycling Day and transform Eagle's Nest Ranch with **\$10,800** worth of donations through this year's Helping Hands project.

Most recently, we celebrated our CEO, Ann Turner, as she was inducted into the **Dr. Almon R. Smith AE Leadership Society.**

So looking back on our 2019, we just wanted to take the opportunity to say *thank you*. Together we did some pretty big things!
