### DENVER BALLOT MEASURES

#### Funding to Address Homelessness

Measure 2B

#### YES

Ensuring housing for all is at the core of our values as REALTORS®. 2B would create a dedicated funding stream to help address homelessness in Denver. Dollars generated by 2B would go directly to housing, shelters and mental health services, all of which have been proven to address the root causes of homelessness.

#### Denver Public Schools Mill Levy & Bond

Measures 4A & 4B

#### YES

Quality education and well-funded schools are key to building stronger, healthier communities. If approved by Denver voters, measures 4A & 4B will enable Denver Public Schools to increase teacher pay and provide quality classrooms and facilities in schools across the City.
